She reported that although Monterey County has been doing well in meeting and/or exceeding the performance goals, the State is proposing an increase in the performance goals for Monterey County. With the impacts from Sequestration and the reduction in allocations, it may be a struggle to reach the state's projected goals. She reported that as part of the strategic plan a Labor Market Intelligence analysis was completed by EMSI. She also stated that staff is working with the local chambers on workforce development needs; Salinas Valley Enterprise Zone to promote WorkKeys and WIN to businesses. An exit interview was conducted on Friday, November 15, 2013 with OET Program Manager Mr. Rod Powell, and OET supervisors Ms. Terri Gallardo and Ms. Maria Castillo.

This report contains no findings or concerns; therefore, we are issuing this report as the final report.

Because the methodology for the WIB staff monitoring review included sample testing, this report is not a comprehensive assessment of all the areas included as part of OET's Adult, Dislocated Worker and Rapid Response programs and fiscal operations. It is OET's responsibility to ensure that their systems, program, and related activities comply with the WIA related regulations and applicable State directives. Therefore, any deficiencies identified in subsequent reviews, such as an audit, would remain OET's responsibility.

Please extend our appreciation to your staff for their cooperation and assistance during our review. If you have any questions regarding this report or the review that was conducted, please contact me at (831) 796-6412.

MEMORANDUM

TO: WORKFORCE INVESTMENT BOARD EXECUTIVE COMMITTEE

FROM: JOYCE ALDRICH, EXECUTIVE DIRECTOR, WORKFORCE INVESTMENT BOARD

SUBJECT: DISCUSSION REGARDING A NEW REQUEST FOR PROPOSALS FOR WIA TITLE I ADULT AND YOUTH PROGRAMS SUBCONTRACTS TO BEGIN IN PY 2014-15

DATE: NOVEMBER 20, 2013

INFORMATION DISCUSSION:

Program Year 2013-14 will be the last year the Workforce Investment Act (WIA) Title I Adult and Youth contracts can be extended. The WIB is required to decide if they wish to develop a new Request for Proposal (RFP) with the same or different program design and contract deliverables.

Should it be the desire of the Executive Committee to create a new RFP with the same or different program design and contract deliverables, it must be developed by WIB staff and released in January of 2014. Types of subcontracts that can be considered are for economically disadvantaged youth in general or specific target groups.

YOUTH:

The Youth RFP is an opportunity to create an integrated workforce investment system based on partnership and collaboration at all levels and among stakeholders. A coordinated and networked structure of services is critical to the success of both youth and service providers. With shrinking resources, youth service providers need to work together, coordinate activities, and network in more effective ways, as well as share thoughts and ideas with others.

Youth Program Design Categories:

Program design categories are used by local WIBs to ensure that all ten program elements are available in their local area. WIA permits program flexibility in determining the definition, scope and characteristics of the elements.

Categories discussed under Section 129 (c)(1) of the WIA require that all programs provide the following framework for youth program designs:

1. Provide an objective assessment of the academic levels, skill levels, and service needs of each participant;
2. Develop service strategies for each participant that shall identify an employment goal;
3. Provide preparation for post-secondary educational opportunities, in appropriate cases;
4. Establish strong linkages between academic and occupational learning;
5. Prepare enrollees for unsubsidized employment opportunities, in appropriate cases; and
6. Develop effective connections to intermediaries with strong links to the job market and local/regional employers.

Ten Youth Program Elements:

The ten elements may be provided in combination or alone at different times during the youth's development, as determined appropriate for each individual youth based on each participant's objective assessment and individual service strategy.

The ten required youth program elements under Section 129 (c) (2) of the WIA are:

1. Tutoring, study skills training, and instruction, leading to completion of secondary school, including dropout prevention strategies;
2. Alternative secondary school services, as appropriate;
3. Summer employment opportunities that are directly linked to academic and occupational learning;
4. As appropriate, paid and unpaid work experiences, including internships and job shadowing;
5. Occupational skill training, as appropriate;
6. Leadership development opportunities, which may include community service and peer-centered activities encouraging responsibility and other positive social behaviors during non-school hours, as appropriate;
7. Supportive services;
8. Adult mentoring for the period of participation and a subsequent period, for a total of not less than 12 months;
9. Follow-up services for not less than 12 months after the completion of participation, as appropriate; and
10. Comprehensive guidance and counseling, which may include drug and alcohol abuse counseling and referral, as appropriate.

ADULT:

The primary purpose in developing an RFP for WIA Title I Adult services for program year 2014-15 is to seek qualified organizations that may provide high quality WIA Title I program services to economically disadvantaged and hard-to-serve adults that impact the number of people who secure and retain employment in high wage and high demand jobs. The program will encompass core, intensive and training services as described in the Code of Federal Regulations (CFR), Part 663, Subpart A-C and F-H.

▪ **Occupational Skills Training**

Participants who cannot find employment through intensive services may receive short-term training services linked to job opportunities in Monterey County, including occupational training and training in basic skills. To promote customer choice and involvement in career decisions, participants use an Individual Training Account (ITA) to select an appropriate training program from a qualified training provider on the State's Eligible Training Provider List.

▪ **On-the-Job Training (OJT) - Program Services**

Proposals may be sought from qualified organizations to prepare eligible Adults for participation in the labor force through utilization of On-the-Job Training contracts. The term "On-the-Job Training" (OJT) means training by an employer that is provided to a paid participant while engaged in productive work in a job that:

- Provides knowledge or skills essential to the full and adequate performance of the job;
- Provides reimbursement to the employer of up to 50 percent of the wage rate of the participant, for the extraordinary costs of providing the training and additional supervision related to training, and;
- Is limited in duration as appropriate to the occupation for which the participant is being trained, taking into consideration the content of the training, the prior work experience of the participant, and the service strategy of the participant, as appropriate.

- **Supportive Services**
Participants may be provided with supportive services for transportation, childcare and other WIA allowable costs, as necessary, in order to succeed in and complete the program.
- **Contract Period**
The proposed contract period would be for one-year with the WIB's option to extend the contract annually, for a maximum of two years, starting July 1, 2014 through June 30, 2015.
- **Monterey County General Services**
This RFP will be developed in conformance with the requirements outlined in the CFR 664.410. As in the past, Monterey County's Contracting and Purchasing Department will be involved with the structure, format, and process of the RFP and will be involved in key aspects, such as the receipt of bids, evaluation of bids, and general monitoring of the process.
- **Target Population & Geographic Regions**
Services will be targeted to WIA eligible Monterey County Adults (18 years of age and older) who face multiple barriers to employment, are low income based on the current Lower Living Standard Income Level (LLSIL) guidelines, are registered for selective service (males only), have right to work documentation such as a social security card, passport, and birth certificate, and are included in one or more of the following categories below, based on WIB Policy #2005-04 - WIB Adult and Youth Service Strategy Goals Policy.

**TARGET POPULATIONS	Min % of Adults to Serve
Disabled Individuals	16%
High School Dropouts	20%
Homeless	5%
Limited English	10%
Offenders	20%
Older Workers	5%
TANF recipients	12%
Veterans and their eligible spouses*	10%

**Veterans and eligible spouses must receive priority of service over all other program participants. Veterans or eligible spouses must first meet any and all of the statutory eligibility criteria in order to be considered eligible for enrollment into a program and or receive services.*

***At the Oversight Committee meeting, members requested that WIB staff research whether the Target Population percentages have changed based on service levels over the past 5 years and whether the Board wants to do an amendment to the WIB Policy #2005-04 - WIB Adult and Youth Service Strategy Goals Policy. WIB staff is in the process of researching and analyzing service level data over the past 5 years and will have a report with recommendations to amend the policy, if appropriate, at the full Board meeting on December 4, 2013.*

In addition, providers should design their program to meet the minimum 10% and target service level goals that are specific to the four (4) geographic regions of Monterey County in serving WIA eligible and economically disadvantaged adults, based on WIB Policy #2010-01 - Monterey County WIA Geographic Service Goals.

Areas contained within the designated geographic areas are as follows:

- o North: Aromas, Castroville, Elkhorn, Las Lomas, Moss Landing, Pajaro and Prunedale;
- o Central: Boronda, Salinas, Speckles and Chualar;
- o Peninsula (West): Carmel, Carmel Valley, Del Monte Forest; Del Rey Oaks, Marina,
- o Monterey, Pacific Grove; Sand City and Seaside; and
- o South: Bradley, Gonzales, Greenfield, King City, San Ardo, San Lucas and Soledad.

FISCAL, PROGRAM, AND MANAGEMENT INFORMATION (MIS) ISSUES OR IMPACTS:

This RFP will be funded by WIA Title I Adult funds for a proposed allocation to be determined. Funding levels for requested programs are contingent upon WIA Title I Adult allocations received from the US Department of Labor (US DOL) and the State of California for program year 2014-15.

MEMORANDUM

TO: WORKFORCE INVESTMENT BOARD EXECUTIVE COMMITTEE

FROM: JOYCE ALDRICH, EXECUTIVE DIRECTOR, WORKFORCE INVESTMENT BOARD

SUBJECT: REVIEW THE STATE'S FINAL LOCAL AREA PERFORMANCE OUTCOMES FOR MONTEREY COUNTY FOR PARTICIPANTS SERVED IN PY 2012-13

DATE: NOVEMBER 20, 2013

INFORMATION: The Department of Labor (DOL) sets standard performance measures known as "Common Measures" each year for Local Workforce Investment Areas (LWIA) to use to oversee the workforce investment system effectively and to evaluate the performance of their service providers. The performance is calculated at the end of each program year based on the number of participants enrolled and their date of exit from a Workforce Investment Act funded program. Each designated LWIA must achieve a success rate of 80% or higher on at least eight of the nine Common Measures.

DISCUSSION: Reports submitted by the State for program year 2012-13, indicate that Monterey County's LWIA surpassed the 80% success rate threshold on all nine goals and exceeded 100% above goal on four of the performance measures as indicated in the chart below. The chart also includes the success rates achieved over the past 3 years (2010-2013).
